National Geographic's New Zealand Adventure Map is an expertly researched, comprehensive map, designed to meet the needs of adventure travelers. With accurate and detailed information of the area, the map pinpoints hundreds of diverse and unique recreational, ecological, cultural, and historic destinations, including many lesser known ones. This information is not available in traditional road maps, such as areas for camping, surfing, skiing, playing golf and fishing, as well as airports and airfields, harbors, beaches, waterfalls and hot springs. In addition to this special content, the map also includes an index with the locations of cities and towns and a clearly marked road network complete with distances and designations for roads and highways, as well as secondary routes for those seeking to travel off the beaten path. The map covers the North and South Islands, Stewart Island and inset maps show many of the numerous outlying islands, including Chatham, Campbell, Antipodes, Kermadec and Auckland Islands. The North Island map includes Auckland, Bay of Islands, The Coromandel and Waitomo Caves, while the South Island map includes such popular destinations as Mount Cook National Park and the Southern Alps, Milford Sound, Abel Tasman National Park. All this information makes the map a perfect companion to National Geographic's New Zealand Travelers Guide or any other guidebook. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough — capable of withstanding the rigors

of international travel. Map Scale = 1:1,100,000 Sheet Size = 25.5 x 37.75 Folded Size = 4.25 x 9.25
