

When twenty-two year old Jeremy West decided to take a few art classes in addition to his computer engineering degree, he had no idea that one of his professors would knock him off his feet. Professor Peter Foster, a young handsome and talented thirty-four year old professional artist, put Jeremy into heat every time he sat in his lecture hall or attended his sculpture class. Soon, Jeremys good looks caught his teachers eye. Finding a way to meet with him after class, Jeremy learns that the object of his desire is living with a young woman he married on one drunken night in Reno a year ago. A relationship becomes inevitable as the two find the physical attraction they share too much to deny. They begin a secret affair together until suspicion is aroused and rumors begin to circulate campus. A relationship between them was inevitable, but will Peter make the changes in his life to open the door for this new love? Or will he be simply just another favored student, the teachers pet?
