

Kinsley Simmons does not belong in an inpatient facility for people struggling with eating disorders. However, her doctor and therapist are of the opinion that she does; which is why she's missing out on her college graduation to participate in a recovery program for Bulimia Nervosa. A girl with a Type A personality, Kinsley never thought her life would come to this—dumped by her college sweetheart, flunking most of her classes, caught between bickering parents on the brink of divorce, and spiraling out of control as the dangerous habits of her disorder destroy her health and friendships. When Royce Adams is invited to speak to her therapy group, Kinsley isn't at all interested in anything he has to say. He can never understand what she is going through, or have the first idea of how to help her get better. Yet, as he takes a personal interest in her recovery, she comes to realize there is more to Royce than meets the eye. While seeming perfect on the surface, he wrestles with demons of his own, including a past riddled with addiction and self-destructive behavior. As their friendship blossoms into something more Kinsley will find in Royce the strength to face the reasons behind her disorder. With his help, she may also find what she needs to live a full, healthy life ... one filled with happiness and love.
