

Most of us have heard the word karma. How many of us truly understand it? Just what is karma and how does it affect us? Should we be concerned about karma? If so, why? In this book we will explore karma. You will receive a clear explanation of: What karma is; How it comes into being; How it influences all of creation; and How it is primarily responsible for the events we witness in the physical universe. Further, we will not only discuss the problem of karma but also share the principles that will enable you to free yourself from the grinding wheel of karma. In other words both the problem and solution of karma are covered in this book.

Karma is a Sanskrit word which means action. Depending upon the context in which it is used, karma can also mean reaction to an action, or a chain of actions and reactions. Karma means action and bhoga is a Sanskrit word which means to bear, to pay for. Karma bhoga are self-willed actions. You are responsible for the consequences of your self-willed actions. In simple terms, karma bhoga can be explained by the principle, As you sow, so shall you reap. Karma in general refers to actions which are subject to the laws of causation. The ramifications of a single karma bhoga are much more complex than the simple explanation given above, as you will discover in Karma, Its Basis, Its Nature, Its Source.

Man in Adaptation: The Cultural Present - Google Books Result Karma is a Sanskrit term that
literally means action or doing. In the Buddhist tradition, karma . Its a rejection of caste-bound
differences, giving the same possibility to reach to the buddhist order, became an increasingly
important source of positive karma. .. In Mah
