

Mega rock star, Alex “Zander” Metcalf is burned out after nearly two years touring with his band, as well as emotionally drained after his sexual preferences were exposed by the media. He is ready for a long sabbatical – alone, and retreats to the east coast island of Marthas Vineyard; leasing an oceanside estate. Alex seeks the quiet lifestyle of a recluse to write new material for his band, only to meet the handsome estate manager, Chase, and his gorgeous fiancée, Danni, living in the guest house on his property. Alex's hope of solitude is soon forgotten when he discovers Chase has a repressed bi-sexual side that is aching to surface and Alex is more than happy to help him explore it. What neither Alex or Chase expects is the emotional power of their chemistry expanding to involve the three of them when Danni becomes entangled in their passion. Alex believes he has finally found his perfect menage relationship with Chase and Danni. Sometimes two isn't enough and it takes three to complete the union of a fulfilled love. But, will their new relationship be strong enough to survive when real life wants to punish them for their unconventional love? And, can they be confident in the strength of their love to take the happily ever after they can only give each other?
