

For millennia, woman have been without a strong leadership voice in human affairs. No more! Women are now in positions of power in every branch of government, business, and social organization. They are providing a new style of collaborative and visionary leadership, which is changing the way society functions. Goddess Shift: Women Leading for a Change is an anthology that celebrates these values. It includes chapters by women leaders in diverse fields of human endeavor. These range from entertainment (Oprah Winfrey), business finance (Suze Orman), government (First Lady, Michelle Obama), sports (Venus and Serena Williams), social change and philanthropy (Angelina Jolie), and literature (Sue Monk Kidd). In over forty inspiring chapters, Goddess Shift describes the shape of the new human family that is emerging from the leadership of these remarkable women, and the very different future they envision for the world we share.
